LAGCOE ANNOUNCES WINNERS OF 2019 NEW TECHNOLOGY SHOWCASE

LAFAYETTE, LA (July 29, 2019) – LAGCOE leadership has announced the winners of its New Technology Showcase, which will be featured at the 2019 Technical Exposition and Conference, October 9-11 in New Orleans. This year will mark the fifth iteration of the New Technology Showcase, which was created to provide innovative exhibitors with an opportunity to share new products or services with industry leaders and conference attendees. Two technical sessions will be reserved for presentations from these standout businesses at LAGCOE 2019:

- **Corporate Services:** Basis proprietary software with mobile access
- **Delmar Systems, Inc.:** RAR Plus™ in-line mooring line release component with manual/remote trigger
- **Finkl Steel:** HVX® stainless steel forging material used for fracking
- **Frank's International:** iCAM® Intelligent Tubular Connection Make-up System
- **Glider Products:** Automated Glider Pipe Handling System
- **Ironclad Performance Wear:** Hi-Viz Ironclad Command Gloves
- **MEYER:** SPYDER™ Multi-Station Grease Manifolds
- **Probe Technologies Holdings:** Modular constant current sensor architecture
- **Tenaris:** TenarisHydril Wedge 623® RW® for mitigation of casing wear in deepwater wells
- **Ulterra:** SplitBlade™ PDC drill bit technology

During the New Technology Showcase, tentatively scheduled for 1:00 - 2:00 p.m. on Wednesday, October 9 and Thursday, October 10, these exhibitors will present a brief overview of their recent innovation or technological advancement.

“Oil and gas businesses have long understood the value of innovation,” said Greg Stutes, LAGCOE chairman of the board. “The hard work, creativity and ‘out-of-the-box’ thinking of companies like these are helping to push the industry forward in exciting new directions.”
